Hello – Apologies for the delay in forwarding this to everyone. I actually shared the document with Jeaneanne last night as a SharePoint link because after a forced reboot, this version with the attachment wouldn't go through. It looks like Outlook is working now.

Jeaneanne – Attached are some topics and responses the assumption team has identified as issues we've heard about at public hearings and from stakeholders that we will need to address in the response to public comments. The topics are by no means exhaustive even for the overarching category, but are a sample we worked on first as a check-in on how we intend to respond. WD, ORC, OGC, OW, and OECA staff have reviewed, and are ready for feedback or sharing with Dave Ross as you see fit.
